DATE: SEPTEMBER 14, 2023

Earlier this week, the district was made aware about a potentially threatening statement being made at school. This situation was investigated and addressed by the administration, according to policy, and reported to the Platte County Sheriff's Office through our School Resource Officer.

Unfortunately, since that time, rumors have swirled amongst the students and have included false information such as guns being found at school. There is no truth to this statement and we believe that no students were ever in danger. If you have questions please contact me at Karl.Matt@nppanthers.org or 816-450-3511.

FOR BOARD FILE:

Karl G. Matt
North Platte R-I
Superintendent
